REMARKS

The present Supplemental Amendment and Response is responsive to the Office Action mailed March 20, 2007 and supplements the Amendment and Response filed on June 20, 2007. The text of the amendments presented herein assume entry of the Amendment and Response filed on June 20, 2007 by the applicants.

The applicants have hereby amended Claim 41. Therefore, Claims 34, 36-39, 41, 43, 45, and 47-53 are currently pending.

Claim 41 has been amended to reinsert the words "a link," which were inadvertently stricken by the previous amendment. Additionally, the ":" in Claim 41 has been deleted to improve claim form. Accordingly, the applicants submit that this Supplemental Amendment and Response satisfies 37 C.F.R. § 1.111(a)(2)(E) as a correction of typographical informalities and respectfully request consideration and allowance thereof. The applicants respectfully submit that support for these amendments and additions can be found in the specification and that no new subject matter has been added by the afore-mentioned claim amendments or additions.

CONCLUSION

The applicants respectfully request the Examiner's consideration and entry of the supplemental amendments presented herein, in addition to those presented in the Amendment and Response filed by the applicants on June 20, 2007, prior to examination thereof. It is not believed that extensions of time or fees for addition of claims are required, beyond those that may otherwise be provided for in documents accompanying this paper. However, in the event that additional extensions of time are necessary to allow consideration of this paper, such extensions are hereby petitioned under 37 CFR § 1.136(a), and any fee required therefore (including fees for net addition of claims) is hereby authorized to be charged to Deposit Account No. 19-5029.
